## **Directors Report:**

Hello all & welcome to yet another AGM. This being the 19<sup>th</sup> which of course means next year will be our 20<sup>th</sup>. I hope it will be one hell of a get together with past & present members. They year has seemed to have gone by like a rocket with so much going on & yet it doesn't seem like it has been long enough for all to have happened. Rallies have come & gone with all the stories reported back to the members by the attendees. Rides have been well attended & a few new members have popped up. Thanks to Tony for all his work in his role as Membership Officer. I will also take time now to say thankyou to all committee members who have, throughout the year, supported me, attended meetings & made decisions that effect how the club operates. This I feel is a very rewarding task & one that people should think about in the future. The social side of the club, I feel, is developing well with a steady number of people turning up to functions & having a good time. There is still heaps of room for more people to come though. I spoke with Gavin earlier this week & he is happy with the way we are going about our business & hopes it will continue in the New Year. When it came to organising events & functions it was very pleasing to see a show of hands of people who wanted to help. This makes things extremely easy & I thank those who have taken the time to volunteer, as without many of you the club would struggle to run. The Anniversary ride was one such function with Gerrard & Jack at the helm, it just sailed on into what was a great days entertainment, followed by a good meal & a good night. Thinking back to the Christmas do, I personally had a ball & I thank Lyn for finding this function for us. Maybe not everybody's cup of tea, but still a great night out. Hopefully we can equal it this year. If you have any ideas please pass it on as this is your club, you do have a say, so speak up. It was also rewarding to see when we went to Adelaide that the Adelaide Chapter came out to play with us, taking us on a ride that we would have never found in a million years. That's what HOG is about, helping each other. Put back to a local thing, don't forget sometimes our own members need a hand or a shoulder at times. Don't be afraid if you need help, ask. If we can't help ourselves, no-one else will. Anyway, I wish to thank all of you for supporting me & having the faith in me to do the job of Director. I must say that I have enjoyed every moment & hope that I have lived up to your expectations. Thanks heaps.
